GZ Ax4 PrimeGreen Hiking Shoes

90

Quiver-of-one trail shoes. From forest hikes to alpine adventures, these adidas Terrex hiking shoes let you explore high and low, near or far. Their dual-density design merges the comfort of a cushioned trail runner with the stability of a hiking shoe to take on hikes, scrambles and via ferratas. The all-conditions grip of Continental™ Rubber means you can trust the AX4 to get you anywhere you want to go without worrying about your feet.

GX Box Hog 3

100

Keep your opponents dancing to your tune in these adidas boxing shoes. Built for fast footwork, they have a lightweight mesh upper that hugs your feet for rock-solid stability. Their EVA midsole is softer in the toe and heel but firmer in the midfoot for the perfect combination of cushioning and support. Underneath, a multi-directional Adiwear outsole grips the canvas to help you turn instinct into action.

GY Cyprex Ultra DLX Sandals

70

Head outside for casual warm-weather hikes. These sandals have comfortable textile straps and a buckle closure for a secure fit. The rubber outsole provides traction on wet or slippery surfaces.

EE EnergyFalcon X

80

When you dig deep to reach your goals, these running shoes offer the support and stability you need. Every step feels pillow-soft with plush cushioning and an OrthoLite® sockliner for comfort. A flowing TPU heel counter and thin support cage keep the foot centred and stable. The durable outsole is made for logging many miles.

H0 Freerider Pro Mid VCS Mountain Bike Shoes

180

Technical rock garden or flowy berms. You can bomb down the trail in the adidas Five Ten Freerider Pro Mid Mountain Bike Shoes. They combine the legendary pedal control of the classic Freerider with enhanced toe impact protection and a mid-height cuff with D30 inner ankle padding for added coverage. Their Stealth® S1 Dotty rubber outsole grips wet, slippery ground and your pedals for full control on and off the bike.

Ricerca con Facet – Supporto Immagine

The screenshot displays the Oracle APEX Page Designer interface for configuring a search facet. The left sidebar shows the page structure for 'Pagina 8: Prodotti', with the 'Cerca' facet selected. The main canvas shows a preview of the facet, including a search bar, filters, and a 'Risultati ricerca' section. The right sidebar contains the 'Attributi' (Attributes) panel, where the 'Supporto' (Support) section is expanded. In this section, the 'Origine' (Origin) is set to 'URL immagine' (Image URL), which is highlighted by a red arrow. Other attributes like 'Colonna icona' (Icon column) and 'Colonna badge' (Badge column) are also visible. The bottom of the interface shows a palette of components available for the facet.

GX SuperNova+ Shoes 120

Energy meets comfort with adidas Supernova+. However far or fast you train, the Supernova+ keeps you pushing toward your goals. Like the Supernova, these adidas shoes ride on a combination of Boost and Bounce. The plus in the name refers to the added Boost in the forefoot compared to Supernova, delivering increased energy return and comfort in every stride. Experience the energy of a comfortable run.

Terrex Swift Solo

GZ Terrex Swift R3 Gore-TEX 150

Fast on any hike. The Terrex Swift R3 GORE-TEX combines the lightweight design and cushioning of a trail running shoe with the versatility and stability of a hiking boot.

GX

Adidas 4D FWD

200

Runners chase progress with every step. That's why we used data from thousands of athletes to inform the design of these running shoes. They have an adidas 4D midsole that's precisely coded to absorb impact, support your gait and make running feel a little easier. The lattice structure is angled to redirect the energy of every footstrike into forward motion.

FY

Adilette Clogs

45

Based on the iconic adidas slide, these clogs are as functional as they are comfortable. Whether you're walking to the gym or pool for an early-morning workout or just want to keep the slouchy-casual vibe going all through your day, slip your feet into the contoured footbeds and head for the door.

GZ

Adilette Shower Slides

25

From the pool deck to the shower to the couch, these slides are made for the work-hard-rest-hard lifestyle. The slip-on construction gives you a snug fit that's easy to kick on and off as needed. Lightweight cushioning keeps your feet cradled in all-day comfort. The adidas logo and 3-Stripes design complete the iconic Adilette style.

GZ

AdiPower Weightlifting II

200

Created to keep you confident when you're pushing your limits on the mat. The foot-hugging, reinforced upper and firm TPU midsole on these adidas Adipower Weightlifting II Shoes give you the secure platform you need for heavy lifting. Laces and a midfoot strap work together for solid lockdown. A flexible forefoot gives your toes room to splay, so you stay comfortable under the heaviest loads.

H0

Agravic Ultra Trail Running Shoes

160

The Terrex Agravic Ultra has been created in close collaboration with one of the world's fastest ultra trail runners, Ekaterina Mityaeva. It is one of the first trail running shoes from adidas to feature a TPE bio-based plate that's made out of 90% renewable carbon. The plate runs the entire length of the shoe for lightweight, durable rock protection over long-distance mountain trails. A blend of responsive BOOST and ultra-lightweight Lightstrike ensures high-energy return over mountainous terrain and cushions every stride to help you keep your pace over technical trails.

GY

Alphatorsion 2.0

110

Get ruthless with your cross training. We're talking hill sprints, burpees, battle ropes and ladder drills on repeat. Built to keep up, these adidas running shoes have a 360° Torsion System that supports explosive speed in any direction. Bounce cushioning feels light and springy.

Griglia Interattiva – Abilita Modifica

The image displays three sequential screenshots of the Oracle APEX Page Designer interface, illustrating the steps to enable the 'Modifica' (Edit) feature for an interactive grid.

Screenshot 1 (Top): Shows the 'Modifica' (Edit) settings panel. The 'Abilitato' (Enabled) toggle is turned on, indicated by an orange arrow. The 'Operazioni consentite' (Allowed operations) section shows 'Aggiungi riga' (Add row), 'Aggiorna riga' (Update row), and 'Elimina riga' (Delete row) are all checked. The 'Colonna operazioni riga consentite' (Allowed row operations column) is set to 'Seleziona' (Select).

Screenshot 2 (Middle): Shows the 'Identificazione' (Identification) settings panel. The 'Nome colonna' (Column name) is set to 'PRODOTTO_ID' and the 'Tipo' (Type) is set to 'Nascosto' (Hidden), indicated by an orange arrow. The 'Impostazioni' (Settings) section shows 'Valore protetto' (Protected value) is turned on.

Screenshot 3 (Bottom): Shows the 'Colonna' (Column) settings panel. The 'Colonna di database' (Database column) is set to 'PRODOTTO_ID', the 'Tipo dati' (Data type) is 'NUMBER', and the 'Sole query' (Only query) toggle is turned on, indicated by an orange arrow. The 'Master-Detail' section shows 'Colonna master' (Master column) is set to 'Seleziona' (Select) and 'Valore predefinito' (Default value) is set to 'Seleziona' (Select). The 'Filtro colonna' (Column filter) section shows 'Abilitato' (Enabled) is turned on and 'Tipo LOV' (LOV type) is set to 'Nessuno' (None).
